

CARF

CAD software  
for visionaries

# Customer Testimonials

## IMF | Ingenieurgesellschaft Meinhardt Fulst GmbH

With LuArtX IT, we have a **strong Bentley channel partner** in the DACH region at our side. Their consulting services cover the entire Bentley product range, from MicroStation and Synchro to ProjectWise and more. LuArtX also offers us Bentley **training** courses. These training courses are conducted by certified Bentley trainers. We therefore receive an all-round carefree package from a single source. **Klemens Benz, Production Planner**

## Daimler Truck

At Daimler Truck, we work with the CAD software CARF. The software has a **super performance** and ensures that our employees can work **efficiently** and quickly. If we have any questions about CARF, the support team at LuArtX IT GmbH is always **helpful** and quick to help. Thus, we always keep moving in our projects and on the road. **Michael Pölig, Head of IT / BIM**
